Hi Mark,
If that's Donlin's request, I think that we should try our best to accommodate the time/date change. We want to share our "red flag" issues as soon as we can. I will rearrange things on my calendar in order to be available for that call on Wednesday the 6th. I can't speak for others though, and I suggest that you block the time on all of our calendars, get the logistics set up, etc. Those who can't make it can hopefully share their main points with you in advance.

Thanks so much for your continued coordination on this project!
Jill

I have coordinated with Dan Graham on this just now and propose we meet on Tuesday September 5 at any time of day that is most convenient for you. Please let us know what time and we will see you then.
